"KAYA PONG BIGYAN NG P10K"

Senator Alan Peter Cayetano said in a new Facebook livestream that it was President Ferdinand "Bongbong" Marcos, Jr. who blocked the plan to distribute P10,000 aid to qualified beneficiaries who were recovering from the pandemic.

"So noong 2021, going into 2022, sabi ko marami pang hindi nakaka-recover, so kaya ng ating budget magbigay. Pero pagkapanalo ni President Marcos, ayaw niya," Cayetano said on Friday, July 17, 2026.

"Pero every single year po tinatanong ko 'yun sa aming Chairman of Finance, 200 to 300, minsan 400 billion ang ayuda. So kaya. Kaya pong bigyan ng 10k," he added.

This, as Marcos announced on Thursday that the government has expanded the United Package for Livelihoods, Industry, Food, and Transport (UPLIFT) program, providing financial assistance to indigent Filipinos affected by rising fuel prices due to the Middle East conflict.

"Pero the past two days, sobra po 'yung mga — ganda ng amounts na ina-announce. So sabi sa akin, 'Sir, may 12k pa, so kaya pala 'yung 10k.' Bakit ngayon lang 2026? Alam na 'yung sagot. O ano 'yung sagot? Eh nanakawin muna 'yung daan-daang bilyon bago kayo bigyan, 'di ba?" Cayetano said.

SATURDAY PRAYER FOR SURRENDER

Heavenly Father,

As this Saturday unfolds, I place everything into Your loving hands. I surrender my worries, fears, plans, disappointments, and the burdens I can no longer carry. Teach me to trust Your will even when I cannot understand Your ways.

Help me let go of the need to control everything and to rest in the certainty that You are always working for my good. Give me the grace to accept what I cannot change, the courage to do what is right, and the faith to believe that Your timing is always perfect.

Through the loving intercession of the Blessed Virgin Mary, may I learn to say with confidence, "Let it be done to me according to Your word." (Luke 1:38)

Jesus, I surrender myself to You. Take care of everything.

Amen. 🤍

I strongly condemn the killing of a Marcos Jr. vlogger and extend our deep condolences to the family and loved ones of the victim.
Violence has no place in any civilized society. Kahit kaninong panig, hindi dapat nauuwi sa karahasan o pagpatay ng kahit sinong vlogger. Isa itong dagok sa demokrasya.
The current Administration has to conduct a thorough investigation and bring to justice those behind this dastardly act.

‘ITO, PROBLEMA NG BUONG PILIPINAS, [TAPOS] SASABIHAN MO KAMING LAHAT [NG] ‘RELAX KA LANG’’

Bumuwelta si Senate Minority Leader Alan Peter Cayetano sa pahayag ni Senate Blue Ribbon Committee chairperson Sen. Erwin Tulfo.

Kasunod ito ng payo ni Tulfo kay Cayetano na hintayin ang komite na ipagpatuloy ang imbestigasyon nito sa flood control controversy.

“Mayroon po kaming mga investigation na gagawin sa flood control. So, relax lang, huwag masyadong hot,” naunang pahayag ni Tulfo.

“Ang sabi niya, relax lang daw ako… Hindi po ako ‘yung hot at hindi po ako ‘yung hindi nagre-relax. Ang atin pong mga kababayan, every single Filipino, has asked for an accounting of the biggest corruption scandal in our country in history,” sagot ni Cayetano.

“Mistake no. 2, ang sabi po [ni Tulfo], araw-araw nag-i-impeachment, so paano maghe-hearing. Monday to Wednesday lang tayo, pare, naghe-hearing… Maraming kwarto po ang Senado and even sa session hall walang gumagamit ng Thursday at Friday,” dagdag niya.

No matter how certain individuals in the #Philippines perform, they can never distort the historical and legal fact that relevant islands and reefs belong to China, and can never shake the firm determination of the Chinese military to defend China's territorial sovereignty and maritime rights and interests, Jiang Bin, a spokesperson of China's Ministry of National Defense said when asked to comment on the Philippine defense secretary's recent visit to the Zhongye Dao to take part in the activities commemorating the so-called 10th anniversary of the "South China Sea Arbitral Tribunal Award."

This is the Duterte legacy.

Imbes na kahabagan ang ipakita sa pagpaslang kay Mima, may mga taong mas pinili pang kutyain at ipagdiwang ang kanyang pagkamatay.

UNFOLLOW SPREE?

Eagle-eyed netizens noticed that Mariel Rodriguez-Padilla has unfollowed fellow celebrities Angel Locsin, Pokwang, and Anne Curtis on Instagram.

The move comes after Angel publicly called out Sen. Robin Padilla, Mariel's husband, over his "komunista ako" remark, urging the senator to reflect on his positions regarding red-tagging, China, and his support for Apollo Quiboloy.

Meanwhile, Pokwang and Anne Curtis were seen engaging with Angel Locsin's Instagram post.

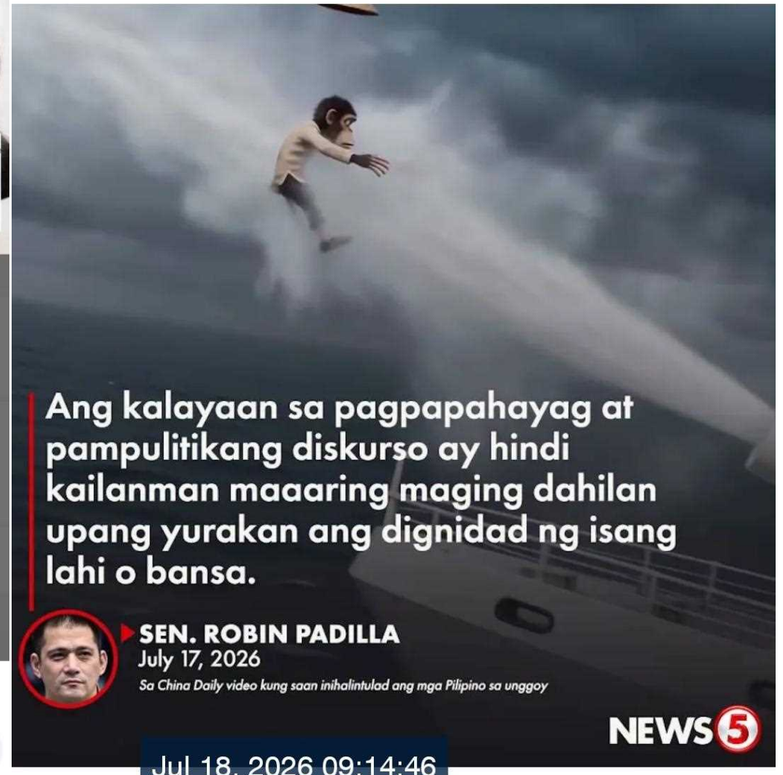
SEN. PADILLA SA ‘MAPANLAIT, MAPANGHAMAK’ NA AI VIDEO NG CHINA

Kinondena ni Sen. Robin Padilla ang aniya’y mapanlait at mapahamak na AI video na inilabas ng state-backed media outlet na China Daily kaugnay sa 2016 Arbitral Ruling na pumabor sa Pilipinas.

Sa nasabing video, inihalintulad ng Beijing ang mga Pilipino sa unggoy.

"Ang paglalarawan sa mga Pilipino sa isang mapanlait at nakababababang paraan ay hindi katanggap-tanggap at nararapat lang na kondenahin," saad ng senador.



Ang kalayaan sa pagpapahayag at pampulitikang diskurso ay hindi kailanman maaaring maging dahilan upang yurakan ang dignidad ng isang lahi o bansa.

Naging kalaban namin si Mima Alicia nung 2022 sa Tiktok pagdating sa sagutan ng mga content, pero never sumagi sa isip ko na magdidiwang ako kung may mangyari sa kanya na hindi maganda, kahit pa nagalit ako sa mga content nya about former VP Leni and Sen. Trillanes. After 2022 nag-move na kami pare-pareho.

Nung buo pa ang uniteam mga DDS pa ang kakampi ni Mima Alicia at tuwang-tuwa ang mga DDS sa kanya. Kaya hindi ko lubos maisip ngayon, kung paano nagagawang pagtawanan at insultuhin ng mga DDS si Mima Alicia, gayung minsan ding silang naging magkakakampi?

Inside the Monastery of Santa Ana and San José in Córdoba, Spain, stands a remarkable crucifix known as the Cross of Forgiveness.

At first glance, something seems unusual.

One of Christ's hands is attached to the cross, while the other hangs downward, as though Jesus Himself is reaching toward someone beneath Him.

For centuries, this unique image has been connected to a moving tradition about God's mercy.

According to the story, a man burdened by grave sins came to confession beneath this crucifix. The priest, known for his strictness, heard the confession, imposed a severe penance, and warned him not to return to his former life.

But the man fell again.

Filled with shame and regret, he returned to confession seeking God's forgiveness.

This time, the priest refused to absolve him.

Then, according to the tradition, something extraordinary occurred.

Jul 18, 2026 09:32:25

facebook

Then, according to the tradition, something extraordinary occurred.

The hand of Christ came down from the cross toward the repentant sinner, as if Jesus Himself were reminding everyone that mercy ultimately belongs to God.

It was Christ who shed His blood for sinners.

It was Christ who bore the Cross.

It was Christ who opened the gates of forgiveness.

Whether understood as history, pious tradition, or spiritual lesson, the message remains powerful:

Never despair of God's mercy.

Many people believe they have sinned too much, failed too often, or wandered too far from God to return.

But the Gospel tells a different story.

The lowered hand of Christ reminds us that when a sinner sincerely repents and turns back to Him, Jesus does not push them away.

He reaches down.

Jul 18, 2026 09:32:28

He reaches down.

Perhaps someone needs that reminder today.

Your sins are not greater than God's mercy.

Your failures are not stronger than His love.

And your fall is never deeper than the hand of Christ can reach.

"Whoever comes to Me I will never cast out." (John 6:37)

CONVOY SA SHARIFF AGUAK, HINAGISAN NG GRANADA

PANOORIN: Kita sa CCTV ang pagsabog ng granada na umano'y hinagis ng mga nakamotorsiklo sa convoy ng 2nd Scout Ranger sa Shariff Aguak, Maguindanao del Sur ngayong umaga, July 18, 2026.

Ayon sa pulisya, tatlong sibilyan ang nasugatan sa insidente, habang dalawang sundalo ang natamaan ng shrapnel at nasa stable condition na. Ang mga suspek ay agad naman umanong tumakas patungong Mamasapano matapos ang pagsabog.

Isang caricature lang ay iniyakan na nila — nagfile pa ng diplomatic protest dahil binastos ko raw ang kanilang lider. Ngunit dito, sa video na ito na mahigit isang minuto, ang binabastos at minamaliit ay ang ating pagka-PILIPINO mismo!
Naaalala ko tuloy ang ilang senador na nagsabing kailangan ko raw humingi ng tawad sa China. Ngayon kaya, sasabihin din ba nilang ang China naman ang dapat humingi ng tawad — dahil tayong mga Pilipino mismo ang binababoy ng video na ito?

WROTE SOME SONGS ABOUT RICKY 🤭

Singer-songwriter Ariana Grande and dancer Ricky Alvarez reportedly rekindled their old flame, according to PEOPLE Magazine's report.

"Ariana has always considered Ricky a friend. She's not held ill will against him [since their split]. Ricky is dependable, trustworthy and very supportive. Ariana feels she can be herself around Ricky," a source told PEOPLE.

Grande and Alvarez are not "jumping into anything serious" but are happy to be together again, the report said.

The couple dated back in 2015, and he was mentioned in Grande's hit song "Thank U, Next."

THE TWO MOST WIDELY RECOGNIZED VISIONS OF JESUS

Among the most beloved devotions in the Catholic Church are the Sacred Heart of Jesus and the Divine Mercy, both inspired by private revelations that have touched the lives of millions around the world.

The devotion to the Sacred Heart of Jesus grew after Jesus appeared to St. Margaret Mary Alacoque in the 17th century, revealing His Heart as a symbol of His immense love for humanity and asking that it be honored with greater devotion.

More than two centuries later, Jesus appeared to St. Faustina Kowalska, entrusting her with the message of Divine Mercy and instructing that the now-famous image be painted with rays of red and pale light flowing from His Heart, together with the words, "Jesus, I trust in You."

In October 1859, Adele Brise, a young Belgian immigrant living near Champion, Wisconsin, encountered a mysterious woman dressed in radiant white, with a golden sash around her waist.

When Adele asked who she was, the woman answered:

"I am the Queen of Heaven who prays for the conversion of sinners."

Mary entrusted Adele with a precise mission: to gather the children of that remote frontier region, teach them the Catholic faith and prepare them to receive the Sacraments.

"Go and fear nothing. I will help you."

Adele obeyed. Despite being poor and unable to read or write, she travelled from home to home, teaching children the Sign of the Cross, the prayers of the Church and the truths of the Catholic faith. She dedicated the rest of her life to this mission.

After an official investigation, on December 8, 2010, Bishop David Ricken declared the apparitions “worthy of belief.”

Today, the National Shrine of Our Lady of Champion is the first and only Church-approved Marian apparition site in the United States.

Mary’s message remains strikingly relevant: teach the faith, lead souls toward the Sacraments and never be afraid when God entrusts us with a mission.

🙏 Our Lady of Champion, pray for the United States and lead its people closer to your Son.

BORN IN DUMANGAS, READ AROUND THE WORLD

Today, I found myself thinking about a young Dumagasanon whose dreams have already taken flight.

I first met Angelica Ellaine Jover during the recognition of the Ten Outstanding Secondary Students of Iloilo Province. We met again recently when she personally handed me a copy of her internationally acclaimed novel, Last Moment (Huling Sandali), together with the international award she had just received. Timing gid. Some flights leave on schedule, while some dreams arrive even earlier.

What started as Angelica's teenage dream in Dumangas has now reached readers around the world. At just 18 years old, she received the Dickens Medal for Literary Excellence and the Certificate of Honour at the Kolkata Literary Carnival 2026, where she was also named Young Adult Author of the Year.

Before jumping into the first chapter, Angelica gave me one request: "Vice Gov, pamatian mo ang Huling Sandali sang December Avenue while reading." So I did, and the experience hit sensationally. Some stories don't end when you reach the final page. They stay with you long after, much like a last moment you never quite forget.

My favorite plot twist? A story inspired by a song and first written in Tagalog is now available in English, Korean, Japanese, and Indonesian. Local in origin, Global in heart.

SATANIC ROSARY, PAANO MALALAMAN?

Ang Rosaryo ay isang sakramental para sa atin, ito ay simbulo rin ng ating pananampalataya—ito ay unang itinuro at ibinigay ng Inang Maria kay Santo Domingo upang mapagtagumpayan nito ang pagpapabalik ng mga erehe sa tunay na Simbahan. Mula noon, hanggang ngayon, kasama na ng Simbahan ang Santo Rosaryo sa bawat laban nito—mapadigmaan man o saang larangan. Kaya naman hinihikayat ang bawat isa na magkaroon ng rosaryo, at higit sa lahat, ay dasalin ito sa araw-araw upang makabuo nang mas malalim na relasyon sa Panginoon sa tulong ni Mariq. Ngunit paano nga kaya kung ang hawak mo palang rosayo ay isang Satanic Rosary?

Alam mo ba na nagkalat ang mga satanic Rosaries sa paligid? Hindi lamang dahil sa ito ay mura, madalas rin itong ipamigay. Kung ito'y titignan, tila nakakaengganyo ang iba-iba nitong kulay. Ayon kay Rev. Fr. Ambrosio Nonato Legaspi, isang Chief Exorcist sa Diyosesis ng Novaliches, ang satanic rosary ay maaring madiskubre sa pamamagitan ng sumusunod na character:

1. May hugis ng araw na may sinag sa bawat sulok nito.
2. Walang tanda ng INRI sa taa

2026-07-18 12:35:32

sulok nito.
2. Walang tanda ng INRI sa taas nito.
3. May nakapulupot na ahas sa krus.
4. May mga tinik sa likod ng imahe ng krus.
5. Kadalasan, ang mga ito ay gawa sa plastic.

Mabuting suriin ang mga rosaryong gamit natin, at kung tingin ninyo'y isang satanic rosary ang mayroon kayo, mas makabubuti kung ipagbigay alam ito sa kinauukulan.

Basta JCD PH, KRAZY

JCD PH is going krazy on the hatred on RPN and IBC-13

#RealTalk muna kita
gusto mo ba mawalan ng trabaho sa RPN and IBC pag nawalan sila prangkisa? alam mo may mga empleyado ng RPN at IBC ang maliligo sa iyo ng sampal dahil sa pagiging krazy mo.

bakit napaka-KRAZY mo? at bakit gusto mo ipasara ang dalawang network eh maganda naman ang status nila until today?

for RPN-9
- it was now a commercial broadcast company controlled by ALC Group under Nine Media Corporation (34% majority share) and Far East Managers and Investors of the Benedicto Family (32%) after being privatized in 2011.
- it is currently branded as RPTV after a partnership with MediaQuest for airing selected TV5, One PH and One Sports programming plus current affairs programs of NewsWatch Plus and the return of Eat Bulaga and PBA on the original network.
- RPN has Radio Ronda with 11 stations nationwide and became a DWIZ regional affiliates and all of them are still on-air.

original network.
- RPN has Radio Ronda with 11 stations nationwide and became a DWIZ regional affiliates and all of them are still on-air.

for IBC-13
- it is now become a government-affiliated network after the collaboration with Congress TV after getting tired from blocktimers such as Viva, TV5 and ATC.
- IBC-13 has just renewed their franchise in October 2025.
- Their studio moved in Zuzuarregui Street from the old Broadcast City which is now a Condominium.
- IBC revived DWAN 1206 and their programs are so good under the management of Marc Logan.

tapos tatawagin mong mga salot? may mga empleyado ng RPN at IBC na babanat sa iyo tandaan mo yan!

MAGNITUDE 7.3 EARTHQUAKE STRIKES MEXICO

A powerful magnitude 7.3 earthquake struck near the coast of Mexico's southernmost state of Chiapas on Friday, triggering a tsunami warning and shaking buildings in neighboring Guatemala and El Salvador.

Following the tremor, the U.S. Tsunami Warning System said that hazardous tsunami waves were possible along coasts located within 300 kilometers of the epicenter. The waves could reach levels between 0.3 meter and 1 meter above tide level for some coasts in Mexico and Guatemala, it said. | via Reuters

Sino ang talo? Ang isang 24 anyos na vlogger na walang laban, tinalo kayo sa kritisismo, ginantihan nyo ng pagpatay.

This warrants an investigation.
Hindi natin alam kung may kinalaman din ito sa personal na buhay ni Alicia. Marami syang accounts, at isang personal account nya ay may mga posts na may matindi ang alitan nya sa dati nyang boyfriend (na may 2 accounts na hindi kaaya-aya. Kung sino may gawa hindi natin alam.)

Kung kaya, dapat, maimbestigahan ito.
Kung may dapat ipaglaban, o isiwalat, huwag matatakot.

Pero dapat na marunong tayong protektahan ang ating mga sarili.

Utang na loob. Nakakaliit ng sarili na may mga kapwa Pilipino na inaatake pa rin ang account ni Alicia, at hayagang natutuwa sa pagkakapaslang sa kanya.

Bakit kayo nagkakaganyan?

The Odyssey Loses 40% of Its Picture Outside IMAX

Fans are making the case for 70mm IMAX rather bluntly. Two shots compare Christopher Nolan's The Odyssey across formats. Both capture the exact same epic warrior scene. The difference in scale is genuinely staggering.

The first shot shows a massive IMAX screen at work. It stretches from floor to ceiling across the room. The auditorium architecture practically disappears entirely. Viewers get pulled directly into the towering frame.

The second shot tells a very different story. A smaller rectangular screen sits in the middle distance. Theater ceilings, seating, architectural borders dominate the view. The cinematic illusion breaks almost immediately.

The technical gap explains everything rather neatly. IMAX delivers up to 40% more picture overall. Its uncropped 1.43:1 ratio fills your whole field of vision. Standard theaters simply cannot handle that vertical height.

They crop substantial portions of every frame instead. The shot gets squeezed into a tight widescreen box. Grand environmental

They crop substantial portions of every frame instead. The shot gets squeezed into a tight widescreen box. Grand environmental composition disappears in the process. Details above heads, below shoulders vanish entirely.

The stakes are higher than usual with this one. The Odyssey is the first feature shot entirely on IMAX cameras. Nolan built every single frame around that format. Anything smaller loses part of his actual vision.

PINILIT MAG-COUNTERFLOW

Inisyuhan ng Land Transportation Office (LTO) ng show cause order ang isang traffic enforcer na nag-viral matapos mag-counterflow sa EDSA bus lane.

Sa video na ipinost nitong madaling araw ng Biyernes, July 17, pinipilit pa ng rider na makaraan sa bus lane.

Sinuspende na rin ang lisensya ng lalaki sa video, at inilagay sa alarm status ang kanyang motorsiklo habang gumugulong ang imbestigasyon.

'HINDI PO MGA UNGGOY ANG PILIPINO!'

Ito ang tugon ni Philippine Coast Guard (PCG) Spokesperson for West Philippine Sea (WPS) Rear Admiral Jay Tarriela kasunod ng post ni Sen. Robin Padilla tungkol sa AI-generated video ng state-run newspaper ng China kung na naghahalintulad sa mga Pilipino sa unggoy.

Kinuwestyon din ni Tarriela ang umano'y pagtanggap ni Padilla na unggoy ang mga Pilipino.

"Ako po, bilang Pilipino, ay hindi kailanman tatanggapin na unggoy ang aking lahi… Ang tunay na paggalang sa ating lahi ay ang ipagtanggol ito — hindi ang tanggapin ang pang-iinsulto!"

Bumuwelta rin si Tarriela sa akusasyon ni Padilla na siya nag-e-escalate ng "wartime propaganda." Ayon sa PCG official, layon ng kanilang transparency initiative na i-expose ang aggression at harassment ng China partikular na sa mga Pilipinong mangingisda at mga barko ng bansa.

HINDI NA MULING PIPIKIT AT MAGPAPAAKIT SA MGA TAONG SARILI LANG ANG INIISIP

I know many people still recognize me as someone who was once part of the UNITEAM movement. Some still call me "DDS" or "Loyalista" because of who I openly supported during the last election.

And they're not wrong about my past.

I was once a proud UNITEAM supporter. I voted for Bongbong Marcos and Inday Sara because I genuinely believed they would unite our country and lead the Philippines toward a better future. Like many Filipinos, I voted with hope. I believed in the promises. I believed that things would improve.

But as time passed, I watched. I listened. I observed.

The more I paid attention to what was happening in our country, the more I realized that staying silent was no longer an option.

This is no longer about protecting my pride or defending the choices I made in the past.

This is no longer about protecting my pride or defending the choices I made in the past.

This is not about politicians.

This is about truth.

This is about accountability.

This is about the future of the Philippines.

Admitting that I was wrong was not easy. It challenged my beliefs and forced me to confront my own decisions. But changing your mind after seeing new realities is not weakness—it is growth. Refusing to question ourselves, even when the evidence is in front of us, is far more dangerous.

If you supported them before, that's okay. I understand because I was there too.

But being a true Filipino means having the courage to open our eyes, ask difficult questions, and speak up when something is wrong. Our loyalty should never belong to politicians. It should belong to our country and to the Filipino people.

Blind loyalty will never heal this nation.

Silence will never bring change.

Rodolfo Jerome's post

Silence will never bring change.

So wake up.

Listen.

Observe.

Think for yourself.

The future of the Philippines depends on citizens who choose truth over personalities and accountability over blind allegiance.

So if you ask me today whether I am still DDS or a Loyalista, my answer is simple:

No.

The posts I made in the past are still hidden—not deleted.

Why?

Because I don't want to erase that chapter of my life. I want it to remain as a reminder of the mistakes I've made, so I never repeat them. It reminds me that every vote, every opinion, and every voice carries responsibility.

This is my story.

A Fan's Fake Odyssey IMAX Shot Put IShowSpeed in the Film
Christopher Nolan's The Odyssey has only just hit screens. That has not stopped the jokes from arriving instantly. User @FuriousNovaAV posted about catching it in IMAX. He called the whole thing the real cinematic experience.
His attached shot tells a very different story entirely. It shows a Greek soldier standing in full armor. Golden helmet, red cape, sculpted breastplate all included. The face belongs to IShowSpeed, not any actual actor.
The whole thing is a straightforward edit, of course. Speed never appears anywhere in Nolan's actual film. The gag pokes at conversations around the casting choices. Lupita Nyong'o as Helen has drawn plenty of discussion.
Travis Scott's appearance sparked much more of the same. So the joke simply pushes that idea to its extreme. If anyone can turn up, why not Speed as well? Rows of real cinemagoers sit below the fake frame.

'VERY OBVIOUS KUNG SINO'

Pumalag si Naga City Mayor Leni Robredo sa troll na binabayaran umano ng isang politiko.

Nagsimula raw ang naturang troll noong nagdesisyon si Robredo na tumakbo bilang alkalde ng Naga. Muli raw siyang binatikos nito nang mag-inspeksyon siya sa mga umano'y sub-standard na patrabaho sa lungsod.

Binatikos din ni Sen. Kiko Pangilinan ang troll na tukoy na raw at ipatutugis sa NBI at PNP para masampahan ng paglabag Cybercrime Law.

"Mabuti na iyong 75 lang ang grade at pasang-awa, kahit paano naging patas. Eh, iyong kopyador, nanlalamang sa kapwa, at nagdaraya—hindi tuloy makaintindi ng English at Tagalog.

Subukan ko sa Taglish!
Sir, it has long been a practice that demeaning caricatures are used in wartime propaganda across the world including the Philippines,China and Japan.

Officially, my office condemned the AI video of the Chinese media, but to my surprise, you aimed water cannons at us and splattered us with your saliva instead of using them against the China Coast Guard who continually humiliate us. My goodness, what are you thinking? I will not react to your bullying! Hindi ka nga makapalag sa China Coast Guard, ako pa ang banatan mo! You are barking at us when you can't even face your adversary point-blank. Palagi kang nagpapaawa, tapos sa amin ka hahanap ng gulo. Who do you think you are?!"

Christopher Nolan grabbed attention at the New York premiere of The Odyssey by wearing a handcrafted Ajrakh silk tie, giving a global spotlight to one of India's oldest textile traditions. Lupita Nyong'o also included an Indian touch in her look.

Nolan, known for his simple and classic style, wore a charcoal suit at the premiere. But instead of a regular silk tie, he chose a custom-made Ajrakh silk tie designed by Indian designer Aahaan Tandon.

Ajrakh is a centuries-old hand-block printing tradition from Kutch in Gujarat and parts of Rajasthan. It is known for its detailed geometric patterns and natural dyes. Each piece is handmade through several stages of printing, washing and dyeing, making every design unique.

For Nolan, who usually keeps his fashion simple, the tie was a subtle way to showcase Indian craftsmanship on an international red carpet.

Latest statement from Tsinator **Robin Padilla**

REPUBLIC OF THE PHILIPPINES
Senate of the Philippines

OFFICE OF SENATOR ROBINHOOD C. PADILLA

OFFICIAL STATEMENT
18 JULY 2026

We will not allow PCG Rear Admiral Jay Tarriela to twist Senator Robin Padilla's words to fit a convenient political narrative.

The Senator and his office have already condemned the offensive AI-generated video circulated by Chinese media. That position is clear. But condemning Chinese propaganda does not mean we should remain silent about the use of inflammatory caricatures and wartime propaganda tactics by our own government officials.

As an officer serving under the Executive Branch, Rear Admiral Tarriela carries a responsibility beyond social media engagement. His public statements and presentations have consequences for diplomacy, national security, and the Filipino people.

Senator Padilla's point remains: defend our sovereignty, condemn insults against Filipinos, and stand up to harassment in the West Philippine Sea—but do so responsibly. Patriotism should not be reduced to a contest over who can provoke the loudest reaction.

The West Philippine Sea is a serious national issue. It deserves strategy and statesmanship—not personal attacks, deliberate misrepresentation, and political spin.

STATEMENT OF THE NATIONAL SECURITY ADVISER
SECRETARY EDUARDO SL OBAN JR
17 July 2026 | Manila, Philippines

The National Security Council condemns in the strongest terms the AI-generated video released by Chinese state media portraying the Filipino people through racist and dehumanizing imagery while promoting false narratives on the West Philippine Sea. Far from satire, the video is a calculated attempt to discredit a legal truth that has remained legally intact for a decade.

The 2016 South China Sea Arbitral Award remains a landmark affirmation of the rule of law in the South China Sea. It declared that China's so-called nine-dash line has no legal basis under the United Nations Convention on the Law of the Sea. It affirmed the Philippines' sovereign rights within its exclusive economic zone and reinforced a principle that protects every nation, large or small: that rights at sea are determined by international law, not by power, intimidation, or manufactured narratives.

Those findings remain unchanged. They have not been reversed, modified, or diminished. Ten years later, China's inability to accept the facts and legal principles of the Arbitral Award has led the party-state to abandon reason in favor of bullying and racist imagery intended to distract from its unlawful actions. When a legal position cannot be sustained before the law, the effort shifts to undermining the law itself, and those who uphold it. Racist caricatures and manufactured narratives cannot erase legal facts. They only expose the absence of a credible legal answer.

The National Security Council calls on the People's Republic of China to reject the use of state-sponsored propaganda that seeks to dehumanize and degrade the dignity of any people. We urge China to set aside the "last refuge" of insults and instead demonstrate the restraint, responsibility, and respect for international law that build confidence and foster cooperation among nations. Adherence to the final and binding 2016 Arbitral Award, alongside respect for truth and human dignity, remains the only durable foundation for peace, stability, and mutual trust in our region.

Keri and I visited the Jaro Metropolitan Cathedral, one of the most treasured religious landmarks and the home of Nuestra Señora de la Candelaria, the Patroness of Western Visayas
🙏🙏🙏

It was truly a blessing to visit this historic cathedral, which was visited by Pope Saint John Paul II on February 20, 1981, during his apostolic journey to the Philippines. During his visit, he personally crowned the image of Nuestra Señora de la Candelaria, making it the first Marian image in the Philippines to be personally crowned by a Pope. A place rich in history, faith, and devotion, the Jaro Cathedral continues to inspire pilgrims and visitors from around the world.

One of the most astonishing incorruptible saints in Church history is St. Catherine of Bologna (1413–1463), a Poor Clare nun, mystic, and patroness of artists and against temptation. After her holy death on March 9, 1463, her body refused to decay — a powerful sign of her closeness to God.

Her sisters placed her in a simple wooden coffin. Several weeks later, a sweet fragrance filled the convent and a heavenly light appeared. When they opened the coffin, her body was found perfectly incorrupt, flexible, and emitting a beautiful scent. Over the centuries, her body has remained remarkably preserved without any embalming.

Today, visitors can still see her seated upright in a special chapel in the Church of the Corpus Domini in Bologna, Italy — dressed in her religious habit, holding a crucifix and a book. Her face shows a gentle, peaceful expression. Though some minor signs of aging are visible after 560+ years, the preservation is scientifically inexplicable and recognized by the Church as a miracle.

St. Catherine lived a life of deep prayer, humility, and artistic talent (she was a skilled illuminator and writer). She battled severe spiritual trials yet remained faithful, teaching that "the love of God is the only thing that can fill the human heart."

Her incorrupt body continues to inspire millions, reminding us that holiness transforms us even in death — a foretaste of the Resurrection.

Saint Catherine, help me to remain faithful amid trials. Teach me true humility and love for Jesus. Amen. 🙏

JULY 12 KALAMAY FESTIVAL CIVIC PARADE HIGHLIGHTS | The streets of San Enrique, Iloilo came alive with color and energy as we celebrate Kalamay Festival with a Civic Parade and Street Dance Competition. Proudly joining the grand opening was the university's Hubon Mamumugon, showcasing their creativity, talent, and deep love for our local culture and traditions.

The parade was filled with lively beats, amazing costumes, colorful props, and meaningful displays that give honor to San Enrique's identity. It was truly a memorable day as the Hubon marched in passion and unity, with the entire ISUFST community and stakeholders.

Hubon Mamumugon—marching with pride, celebrating culture, and carrying the spirit of San Enrique every step of the way.

Lead singer Chris Martin quipped, "Either they're having an affair or they're just very shy."

Everyone and their mother was sharing the video.

Astronomer CEO Andy Byron and Chief People Officer Kristin Cabot.

Now, their lives are forever changed by the awkward moment.

Kristin Cabot has cashed in on the moment, getting speaking gigs and even appearing on Oprah's podcast.

Andy Byron has remained largely silent.

I hope the best for their families.

From today's featured article

Hamilcar's defeat of Spendius and Autaritus took place in 240 BC during the Mercenary War. The precise location of the battle, in what is now north-west Tunisia, is unknown. A Carthaginian army led by Hamilcar Barca defeated a rebel army led by Spendius and Autaritus. Unable to confront the Carthaginian war elephants and cavalry on open terrain, the rebels stayed on higher and rougher ground and harassed the Carthaginian army, trapping it in a mountain valley. The Carthaginian situation was bleak until the rebel commander Naravas defected, bringing 2,000 cavalry with him, allowing Hamilcar to deploy his army. Spendius chose to engage in a battle but was heavily defeated. Spendius perceived Hamilcar's generous treatment of rebel prisoners as the motivation behind Naravas's defection and had 700 Carthaginian prisoners tortured to death to prevent reoccurrence; the Carthaginians, in turn, killed their prisoners. From this point, neither side showed any mercy; the unusual ferocity caused contemporaries to term it the "Truceless War". *(**This article** is part of a featured topic: **Mercenary War**.)*

BATAS WITH ATTY. CLAIRE CASTRO
COURTESY: Atty. Claire Castro/YT
Senate legislative probe into the ₱5-billion funding of the New Clark City sports facilities.
• Cayetano openly expressed deep anger on the Senate floor, accusing critics of "politicizing" a project that brought pride to the country and arguing that the allegations undermined the achievements of Filipino athletes.
While Senator Pia Cayetano has historically used her platform to fiercely defend the integrity of the 2019 hosting and protest the timing of renewed inquiries, she does not hold the power to stop independent bodies like the NBI or the Office of the Ombudsman from proceeding with their respective investigations.
